Jordan Ellis

Frontend Engineer · Austin, TX · jordan.ellis@example.com · github.com/jordan-ellis-sample

Summary

Frontend engineer with 4 years of experience building React applications for e-commerce and fintech teams. Comfortable owning features end to end, from Figma handoff to production monitoring.

Experience

Frontend Engineer, Brightcart (e-commerce), 2023 to present

- Rebuilt the checkout flow in React and TypeScript; cart abandonment dropped by 11%.
- Introduced a shared component library used by 4 product teams.
- Worked on performance: largest contentful paint improved from 3.4s to 1.9s on mobile.

Junior Web Developer, Ledgerly (fintech), 2021 to 2023

- Built dashboards with React, Redux and Chart.js for small-business accounting.
- Wrote unit tests with Jest and React Testing Library.
- Helped migrate the build from Webpack to Vite.

Skills

React, TypeScript, JavaScript, Redux, Tailwind CSS, HTML, CSS, Jest, Vite, Git, REST APIs, Figma

Education

B.S. Computer Science, University of Texas at Austin, 2021

Projects

- Budget buddy: a personal finance PWA with offline support (React, IndexedDB).
- Open-source contributions to a date-picker library (accessibility fixes).
